**Nelson Mandela
Metropolitan
University**

VISION STATEMENT

Our vision as a values-driven university is to be the leader in optimising the potential of our communities towards sustainable development in Africa.

Having attained our vision we will be able to:

- Contribute to the transformation and development of our communities in terms of the full spectrum of their needs.
- Empower our institution, staff, graduates and communities to contribute and compete, both locally and internationally.
- Continue to make a major contribution to sustainable development in Africa.

MISSION STATEMENT

The Nelson Mandela Metropolitan University is an engaged and people-centred university that serves the needs of its diverse communities by contributing to sustainable development through excellent academic programmes, research and service delivery.

VALUES AND PRINCIPLES

Inspired by the leadership qualities of Nelson Mandela in the transformation to democracy in South Africa, we are guided by the following eight core values and principles in our own transformation towards the NMMU:

- *Transformation for equity and fairness*
- *Respect for diversity*
- *People-centredness*
- *Student access*
- *Engagement*
- *Excellence*
- *Innovation*
- *Integrity*

Bursaries & Financial Aid for Undergraduate & Honours students

HOW TO CONTACT US:

Financial Aid Office

PO Box 77000

Nelson Mandela Metropolitan University

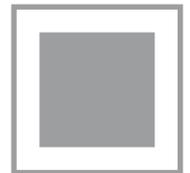

Port Elizabeth

6031

Tel: 041 504 2550

Please include your student number in all correspondence

Although great care has been taken in the compilation of this booklet, the university cannot accept responsibility for any inaccuracies that may appear in it. Information has been supplied by the sponsors of the bursaries and enquiries should be directed to the contacts supplied by the sponsor.

Introduction

This booklet has been compiled by NMMU's Financial Aid Office to assist prospective and current undergraduate and honours students with information on available sources of funding for their studies. We know that university study can be expensive and at NMMU we strive to assist as many students as possible with accessing financial assistance to ease the burden on students and their families.

NMMU offers various forms of bursaries and loans, including our scholar and student merit awards which reward top academic performance. We also administer funds from corporate donors and from the National Student Financial Aid Scheme (NSFAS). NSFAS funding is specifically aimed at assisting needy students who display academic merit.

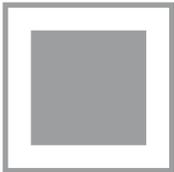

This booklet also contains information on funding available from a wide range of companies, foundations and other organisations, which is awarded based on academic merit, financial need, or both. Some awards are made to specific categories of people, or to students studying in particular fields only, while others are more widely applicable.

We advise students to study this booklet carefully and to apply for as many possible sources of funding for which they qualify, to give them the best chance of receiving financial assistance.

Students are also urged to watch the university noticeboards regularly for information on available funding.

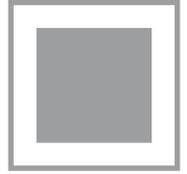

Students are invited to contact the Financial Aid Office at any time for assistance and advice regarding funding for thier studies at NMMU.

Good luck with your studies!

Official provisions and conditions for bursaries

- Undergraduate bursaries are not awarded automatically. They must be applied for, by sending an application to the address of the organisation administering the bursary. These addresses are listed in this booklet.
- Where required, students must attach a complete official academic record to their applications for bursaries at NMMU. Should any qualification have been obtained at another university, the relevant academic records must also accompany their applications.
- **No incomplete or late forms will be accepted.**
- Bursaries administered by NMMU are usually paid out in two instalments.
- Should students to whom bursaries have been awarded not complete their courses, the University may claim reimbursement of the amount paid out to them.
- Before applying to an outside organisation, applicants must make sure that they meet the minimum requirements set by that organisation.
- Applications for bursaries administered by bodies other than NMMU must be forwarded to the relevant organisation/company that administers the bursary, not to the university.

Information on bursaries, loans and awards

Before embarking on their studies, students need to do proper financial planning and explore all the available financial avenues. Students should apply for bursaries from other sources outside the NMMU as well. It is advised that students applying for assistance at NMMU should **not assume** that the application will be successful as the number of applications far exceeds the funds available. Awaiting the outcome of the application does not relieve students of the obligation to settle their debt by the due dates.

NMMU offers three types of financial assistance for full-time students, namely:

- Bursaries administered by NMMU using funds provided by donors or trustees.
- Bursaries and study loans administered by other organisations, to which applications must be directed.
- NSFAS loans.

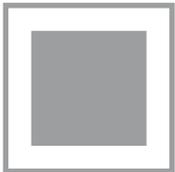

Academically deserving and financially needy students have the opportunity to apply for a loan from the National Student Financial Aid Scheme (NSFAS), part of which can be converted to a bursary, subject to academic results.

Study loans do not always cover tuition fees in full. This will be determined by the family's financial need. Financial aid administered by NMMU will firstly be used to cover any outstanding NMMU financial commitments of the student.

Financial aid applications

Applications for financial assistance from funds administered by NMMU must be made on a Financial Aid Application form. These forms and further information can be obtained from the Financial Aid offices. Completed application forms, along with all the supporting documents, must be submitted to the Financial Aid office. Ensure that the application is correctly completed in order to avoid any delays when the application is processed. NMMU will acknowledge receipt of the application form. Students are advised to retain the confirmation slip. For application forms sent via mail, students should keep a copy of the form and the details of the date of mailing it to NMMU.

Faxed application forms will not be accepted. Receiving the acknowledgement that the application has been received by NMMU does NOT imply that the student will qualify or receive a bursary or NSFAS loan. Awaiting the outcome of the application does not relieve students of the obligation to settle their debt by the due dates.

CLOSING DATES

Applications should be made in the year prior to the studies for which the bursary is required, by the closing date supplied in the information for each bursary.

APPLICATION RESULTS

The Financial Aid Committee of NMMU determines the successful candidates after the exam results become available in December or June. Applicants will thereafter be informed of the outcome by post.

BURSARY AND LOAN CONDITIONS

Only South African citizens may apply for financial assistance. Only NMMU students or prospective students may apply through the Financial Aid office. Individual students may only receive one award during a given year/semester and the award is only valid for that particular period. Achievements over more than one academic period will receive more favourable consideration.

Completed application forms must be accompanied by all the supporting documents, eg payslips as proof of income and must be submitted to the Financial Aid office. The original certificates and copies must be certified at a Police Station or Post Office. Loan allocations that exceed the respective fees raised are refunded to NSFAS to redeem the loan amount and are not refundable to the student.

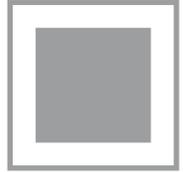

WHERE ELSE TO FIND INFORMATION ABOUT FINANCIAL ASSISTANCE

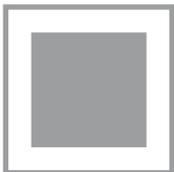

Most institutions and organisations have brochures containing information regarding financial aid. Application forms and further information can be obtained from the Financial Aid office at NMMU.

Information is also available from libraries and career information centres. Guidance and career counsellors, financial officers and student recruitment officers can be of great help in this regard. Check bookstores for books on careers and financial aid options.

NMMU-ADMINISTERED BURSARY TRANSFERS

Recipients of NMMU bursaries are excluded from paying tuition initial payments, provided that written confirmation of financial assistance is received prior to registration and that the amount exceeds the required initial payment. The cancellation of studies/modules will result in the reversal of the bursary allocations and the student will be liable for the entire account balance. Refunding of credit balances are subject to confirmation by fund administrators.

NMMU TUITION FEE BURSARIES

Tuition fee bursaries granted by NMMU apply only to the first enrolment of a module and only to formal subsidised studies undertaken at NMMU. The cancellation of studies will result in the cancellation of the bursary and the student will be liable for the entire account balance. Module cancellations will result in the reversal of the bursary for the cancelled module. NMMU bursaries are for tuition fees only and all other fees remain due and payable. Tuition initial payments are required if the NMMU bursary is less than the required initial payment.

Students are strongly advised to regularly watch the noticeboards (including e-mail) of the university for information on bursaries.

NMMU bursaries

SCHOLAR MERIT AWARDS

The Merit Award scheme rewards top performing scholars for the marks achieved in the final matric exams. The better the scholar's marks, the greater the discount they will receive on their fees.

No application is necessary – the bursary is awarded automatically. Points are awarded for the symbols obtained in each subject and the amount of the award is linked to the total merit points achieved.

CRITERIA

- The award will be based on the final Grade 12 (Senior Certificate) results.
- Matric must have been completed not earlier than the three years preceding the student's first registration at NMMU.
- The candidate should be enrolling for a post-matric qualification for the first time.
- The candidate must be registered as a full-time student for degree/diploma purposes for the full duration of the academic year.
- Applicants admitted to Extended Curricula Programmes don't qualify for the Scholar Merit Award Scheme.
- This Scholar Merit Award Scheme is available to South African students only.

HOW TO CALCULATE YOUR MERIT POINT

- In the table on the left, look up the points awarded for each of your NSC Percentage and add up the points obtained for each subject.

- If the total is 35 or above, the candidate would have satisfied ONE of the criteria.
- Scholars use their 6/7 best subjects to calculate their award.
- Second language Higher Grade scores Standard Grade points.

Points	NSC Percentages	Merit Point	Amount: Degree/Diploma
8	90% to 100%	49 and above	15 000
7	80% to 89%	48	R13 000
6	70% to 79%	46 -47	R11 000
5	60% to 69%	44 - 45	R9 000
4	50% to 59%	42 - 43	R7 000
3	40% to 49%	39 - 41	R5 000
0	0% to 39%	35 - 38	R4 000

***Full tuition will be paid for a diploma or degree programme if the tuition fees exceed R12 000 or R15 000 respectively.*

STUDENT MERIT BURSARIES

Returning students automatically qualify for merit bursaries based on their final results in the previous year of study. All students who have passed all their modules and have attained a weighted average mark of 70% (subject to change) or higher, receive a student merit bursary, the rand value of which is determined on a sliding scale, the minimum value being R3000. This award is only made to SA citizens.

SPORT BURSARIES

The NMMU Sport Bureau offers sport bursaries of varying amounts to sport performers who have demonstrated the ability to play sport at a high level of competition. Sport bursaries are awarded to students by the Sports Bureau. Application forms are available from their office. Closing date: Before the end of October each year. Bursary application forms can be obtained from the Sport Bureau: e-mail: krish.williamson@nmmu.ac.za, tel: 041 504 2555 or 041 504 2165.

National Student Financial Aid Scheme (NSFAS)

NSFAS is a government loan scheme, with the added incentive of a bursary conversion (maximum of 40%) depending on academic performance.

The purpose of these loans is to assist students who have the academic potential to succeed, but who do not have the financial means to gain access to tertiary institutions. The loan is determined according to a means test. As loans do not necessarily cover all costs, students are encouraged to seek additional funding from other sources. The family is also expected to make a contribution towards the student's studies.

WHO CAN APPLY? ACCESSING NSFAS FUNDS

Applicants wanting to apply for a NSFAS loan are encouraged to apply in good time. Only students whose GROSS combined family income (mother & father) does not exceed R140 000 per annum need apply.

Application must be made on the prescribed application form BEFORE the closing date of 30 October each year. Application forms will be available from all Financial Aid Offices as from May each year. Incomplete application forms or applications without the required documentation, will not be considered.

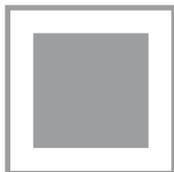

Should you qualify for a loan, you will be informed in writing of your minimum Expected Family Contribution (EFC).

WHO CAN APPLY?

All students can apply for a loan from NSFAS (a government loan scheme with the added incentive of a bursary conversion (max 40%) depending on academic performance). The parents'/family's contribution towards the student's study costs is called the Expected Family Contribution (EFC) and is calculated using the Government's National Means Test.

Closing date: 31 October

Bursaries awarded by sponsors

Abe Bailey Travel Bursary

The objective is to broaden the views of young South Africans by enabling OUTSTANDING South African students / junior lecturers who show exceptional leadership qualities and a strong service ethic, through an all-expenses-paid three week educational tour to the United Kingdom. Furthermore, the intention with this bursary is to:

- Effect greater understanding and co-operation among those with various language and cultural backgrounds;
- Foster enterprise, commitment and effective participation in a common future;
- Promote South African unity.

The credo of the Abe Bailey Trust: “Leadership Development with the emphasis on Nation Building”

The following conditions apply:

- Nominees shall be students of not less than two years standing or members of the staff of junior lecturer status;
- Nominees must be of South African nationality;
- Nominees must be aged 25 or less at the start of the tour;
- Applicants should have a sound academic record;
- Applicants must have been involved in leadership roles within the university, schools and/or community;
- Applications will be subjected to a selection process.

SHOULD YOU MEET THE CRITERIA AND WISH TO APPLY FOR THIS PRESTIGIOUS BURSARY, THE FOLLOWING DETAILS MUST BE SUBMITTED TO THE FINANCIAL AID OFFICE, SOUTH CAMPUS (there is no application form as such):

- A personal letter of motivation as to why you are applying.
- A recent CV.
- Three letters of reference.
- Copies of ID, matric certificate and university academic record.
- Details of leadership roles in the community, at school and university.

Closing date: 30 April

Apply to: NMMU Financial Aid Office, South Campus.

Afrox

Who can apply?

Bachelor of Commerce: Major in Accounting with the prospect of qualifying as a Chartered Accountant (CA). Must have a C-average at the end of matric and have completed the first year of study.

BSc Engineering (Metallurgical, Chemical, Industrial, Mechanical or Clinical): Must have completed the first year of study.

Closing date: 31 July

Apply to: Afrox Bursary, Human Resourcing unit, PO Box 5404, Johannesburg 2000

Anglo Platinum Bursary Scheme

Who can apply?

Only South African citizens/residents are eligible.

Undergraduate study in the following fields:

Accounting/Finance, Analytical Chemistry, Electrical and Mechanical Engineering, Geology.

A comprehensive post-study training programme will provide graduates with the experience, skills and confidence to cope with later appointments to managerial positions. They will be required to work for the company for an equivalent number of years to that for which they received sponsorship.

The bursary covers full tuition, full residence fees/allowance, book allowance, once-off computer allowance, personal allowance and medical aid.
